O Say Can You See Flag Day Activity

June 14 is Flag Day in the United States, a day commemorating the adoption of the American flag by the Second Continental Congress in 1777. Known as “Old Glory,” “Stars and Stripes,” and the “Star-Spangled Banner,” the flag has 13 equal horizontal stripes, alternating red and white, symbolizing the original thirteen colonies. The canton, the rectangle in the upper left-hand corner, is blue with 50 white stars, representing the 50 states. Throughout America’s history, there have been 39 different flag designs, with the stars of the canton changing each time a state was added to the Union. Canton designs, before the 48-star flag, had no official arrangement of the stars. Sometimes they were in a circular pattern and other times in the pattern of a star. Since 1777, one thing hasn’t changed: the American flag has always stood for freedom.

Join us for a short flag day program and a Red White & Blue craft. We will have snacks celebrate!
