## Covid, Cold & the Flu SEASON

The Covid 19, Cold & Flu Season is upon us. We would like to stress that if you're not feeling well or have been exposed to Covid 19, Influenza, etc., please DO NOT come to visit your family member until you are healthy.

When visiting, please follow the screen in process, wear your mask, use the hand sanitizer upon arrival and before you leave.

This protects YOU and YOUR loved one. Thank you for all you do to keep everyone safe.

***\*\*\*Mask wearing, social distancing and proper hand washing is the best defense against infections.***

## Dress smart for cold weather

Please take an inventory of your closets for upcoming winter weather gear. Even if you don't plan to go out, there may be times when a Dr.'s appointment or other outing is necessary.

A warm winter coat is a must!

We are hopeful that we can continue to take an occasional bus ride in the winter months but will limit how far we travel as well as cancel if temperatures are below zero or weather forecasts indicate winter storms. Of course all of this also depends on the Covid 19 status in our community and our restrictions to keep everyone safe.

## *Help us fill a Stocking for a Resident*

Lexington Estate residents have been very good this year! In addition to their “Santa’s Secret Gift”, we have 38 resident stockings to fill and need your help! Stocking stuffer items may include shower gel, hair picks, lotions, candy, Kleenex, “the good stuff”, etc. and can be turned into the front, MOB registration desk by **December 17<sup>th</sup>**.

Santa’s elves will deliver filled stockings to the residents on Christmas Eve.

**Please drop off items to the front registration desk by December 17th.**

### **The Gift of Giving: Resident Angel Tree**

Lexington Estate has a gift giving tree with name tags for all Lexington residents in the facility. The names on the tree are chosen by staff. The tree is located at the Lexington nurses’ station.

There is a clipboard by the tree for you to sign your name, beside the resident’s name(s) that you choose. It is VERY important that you fill this information out so we can be certain that every resident has a gift.

**\*\*\*\*An email will be sent out hospital wide if there are names available after our Lexington staff have an opportunity to choose.**

Return gifts to Activities by **December 17th**. The gifts will then be given to the residents, by staff, around the tree after breakfast Christmas morning .

Honoring  
Veteran's

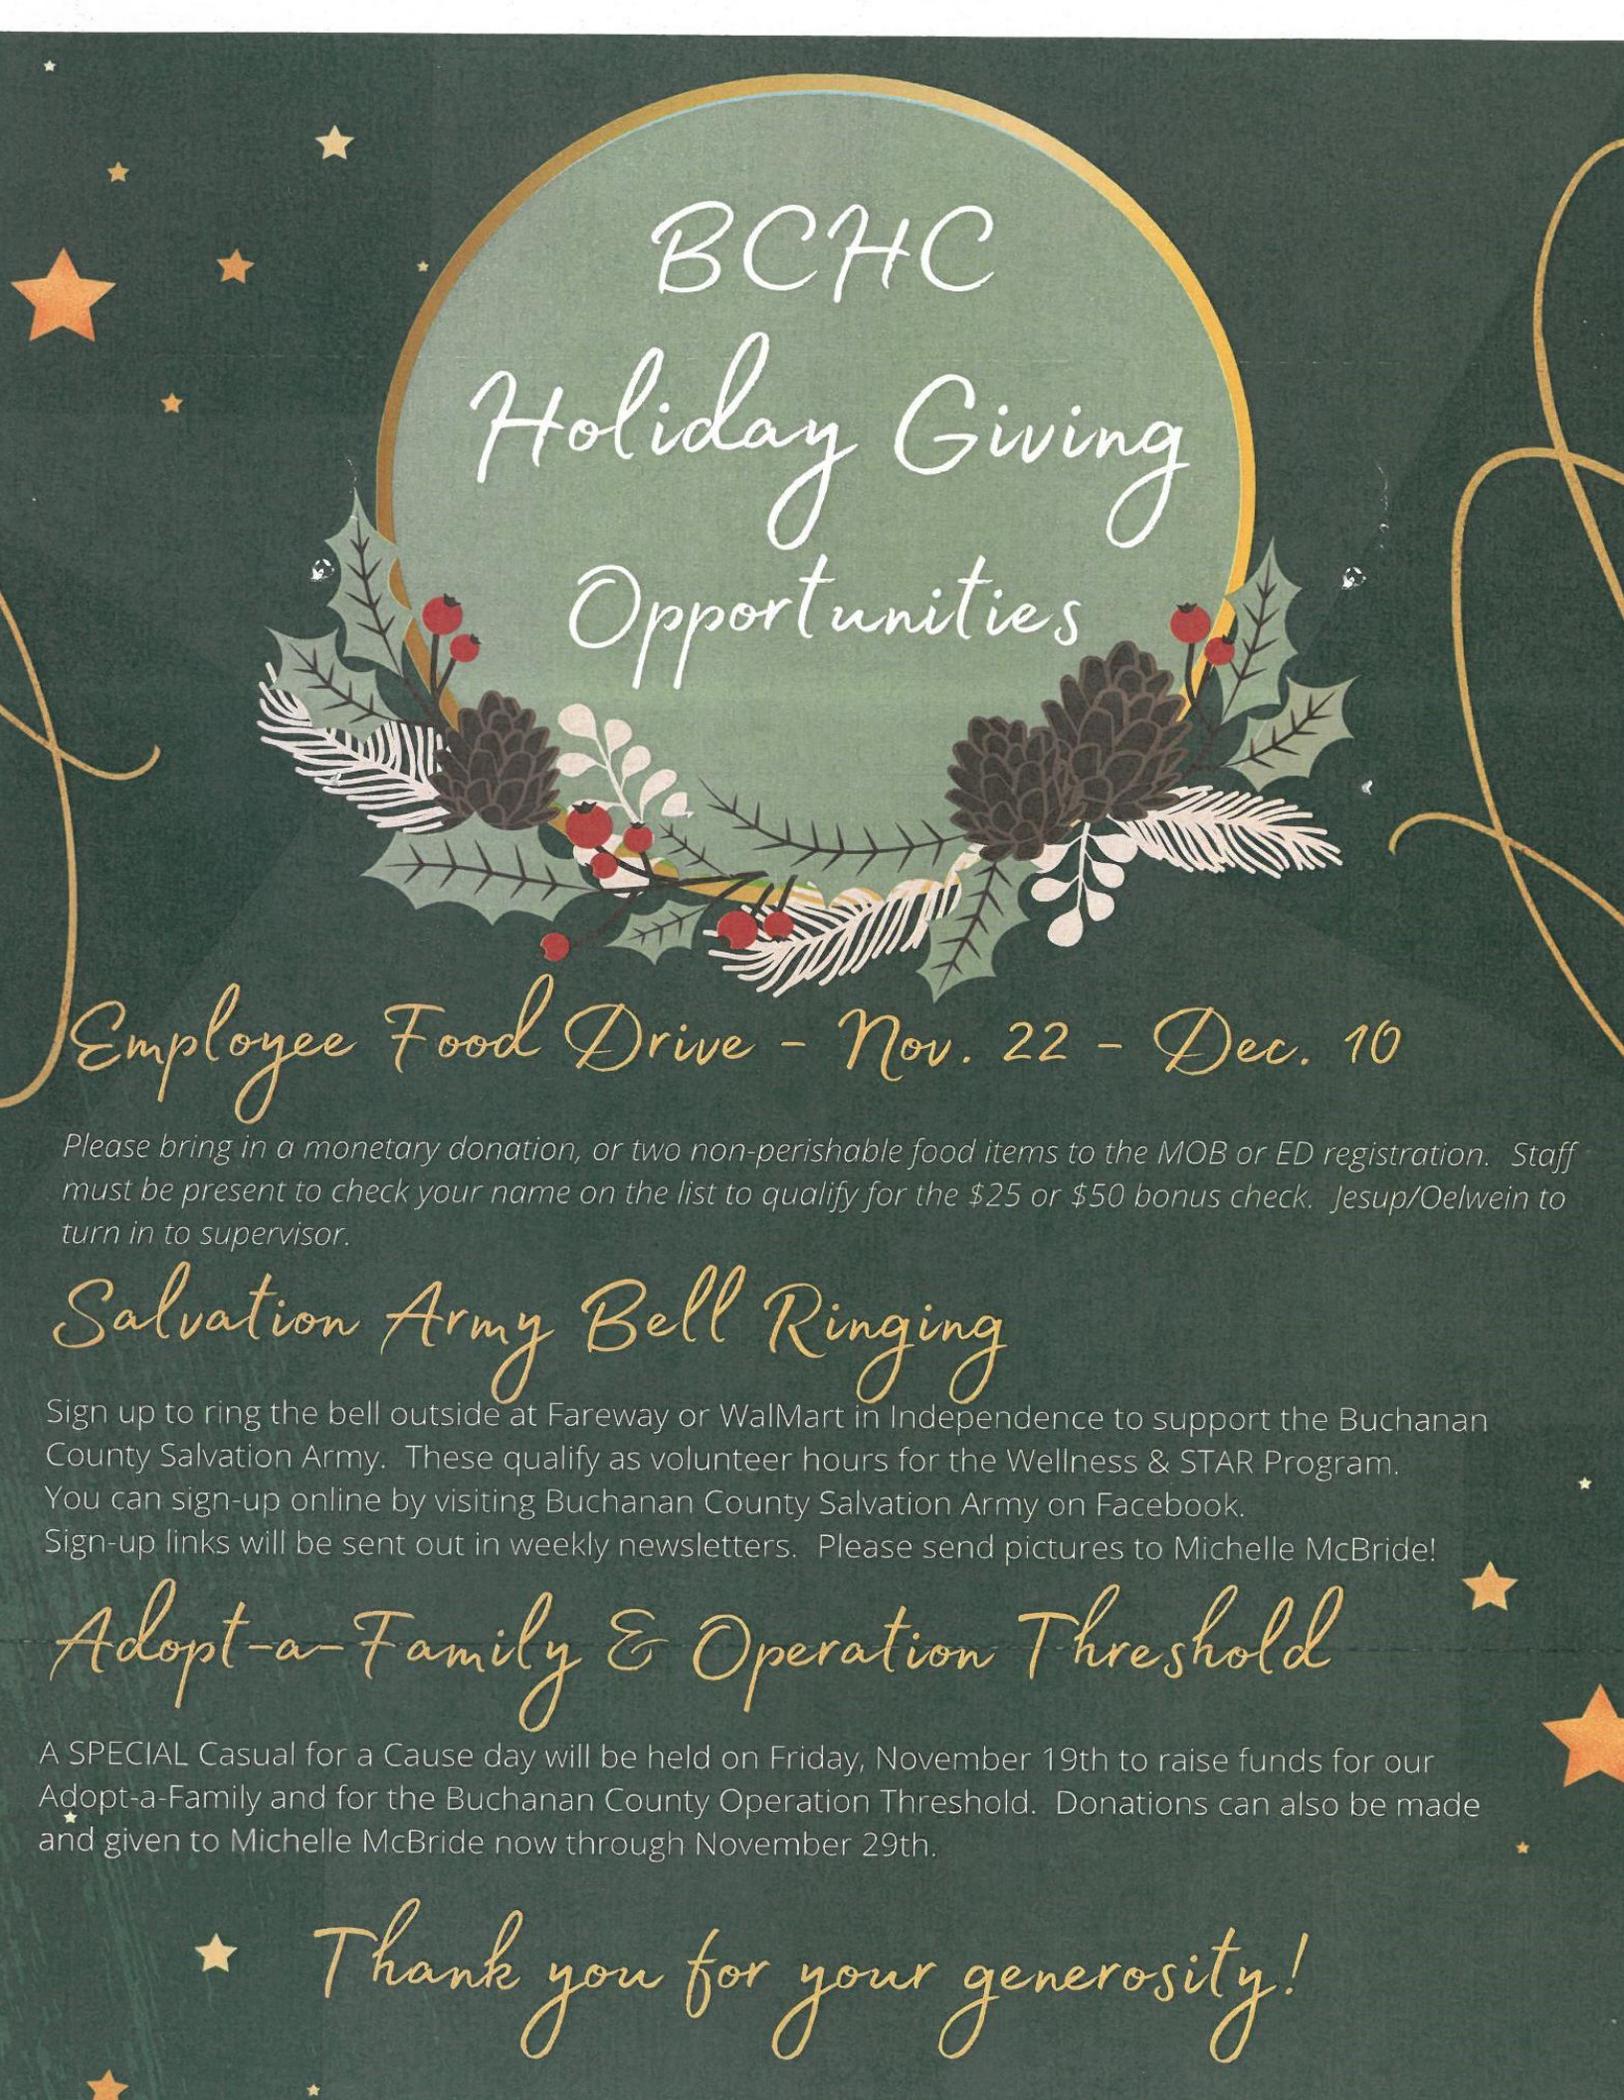

**VETERANS DAY**  
*By Cheryl Dyson*

On Veterans Day we honor all,  
Who answered to a service call.  
Soldiers young, and soldiers old,  
Fought for freedom, brave and bold.  
Some have lived, while others died,  
And all of them deserve our pride.  
We're proud of all the soldiers who,  
Kept thinking of red, white and blue.  
They fought for us and all our rights,  
They fought through many days and nights.  
And though we may not know each name,  
We thank **ALL** veterans just the same.

Thank you for your service!

With the new year comes new opportunities...

As I am coming into my fifth month with BCHC as the Activity Coordinator of Lexington Estate, I want to take this opportunity to say what an amazing experience it has been thus far. I am blessed to be part of such an amazing community of families, residents, co-workers, volunteers, and visitors here at BCHC! I came into Lexington Estate with ten years of experience as an Occupational Therapy Assistant, all of which were in skilled nursing facilities. Along with that experience, I brought a deep passion and love for geriatric care and wanted to provide the best physical, mental, emotional, and social well-being to all of our residents. With that being said, I am happy to announce I have accepted an additional role heading the restorative program at Lexington Estate. What this role means, is that I will implement individualized care plans pertaining to the physical well-being for our residents. This program will work cohesively with the therapy department in hopes that we can regain some of the independence that COVID and other acute illnesses have taken away from your loved ones.

I look forward to seeing the physical progress and overall improved quality of life the addition of a restorative therapy program will bring to your loved ones in the upcoming months and years ahead!
